The Kenosha Community Foundation operates in compliance with the National Standards for Community Foundations as set forth by the Council on Foundations.

As Kenosha’s resource for charitable giving, it is our mission to enhance the present and ensure the future of the community.

To our Donors, Partners and Friends,

Ordinarily our Annual Report highlights our progress and accomplishments from the previous calendar year, but 2020 has been a tumultuous one, and we must acknowledge its impacts.

The coronavirus pandemic and the economic upheaval that it caused, along with the social justice protests and civil unrest in Kenosha, have challenged our community’s non-profit organizations – forcing changes to operations, straining budgets, and creating new processes of delivering services to their clients. Going forward, with input from our non-profit and community partners, we plan to use the lessons from this year’s experiences, emergency responses and new practices, to determine how the Kenosha Community Foundation can best apply its philanthropic support to address Kenosha County’s immediate and long-term needs.

Due to our consistent fund management, in our most recent granting cycle ending June 2020, the Foundation continued, unreduced from 2019, grant support to non-profit organizations in Kenosha County. This year’s grants included a cross-section of organizations around the critical and intersecting priorities of food, housing/shelter, physical health, mental health, and early childhood education. In 2019, the Foundation distributed $104,000 in educational scholarships to 43 recipients. Details of both are included in the report that follows.

It is during these challenging times that we are reminded of the continuing good work that foundations like ours does in support of nonprofits in our community. None of this would be possible, however, without the generosity and foresight of our donors and the endowment funds that have been established. For this, we are most grateful! It is with income from these funds that we provide grants to non-profit organizations and scholarships to area students.

The philanthropic work of the Kenosha Community Foundation continues in both good times and bad, through the continuing support of our donors and community partners. We’ve done so since 1926, and the Foundation’s work and longevity can be summed up in these words, “Private giving, for the public good”.

Let us carry on, to benefit those in need “for good, for ever.”
